

# NO SLAUGHTER FOR WILD HORSES! SAVE AMERICA'S TREASURES!

The Burns Rider, Division E, Section 142 of the Omnibus Spending Bill (Cons'd Appropriations Bill, H.R. 4818) reverses 33 years of Federal protection of wild horses and burros. This rider was slipped into the 3000-page Omnibus spending Bill without public notice and without open discussion. This is not democracy!

Please overturn this law that dooms thousands of healthy horses to a cruel death. The American People want Mustangs to roam our public lands, and they want those in captivity to be safe from slaughter.

**REPEAL THE BURNS AMENDMENT!**

Save our Wild Horses!

Sincerely,
